# What is an 'A' school?

The revelation of God as Father is a foundational word to the church and to the world today. The revelation of Father's love for us restores the foundations of our lives and brings a peace and a security that nothing else can provide. It establishes us in our true identity as beloved sons and daughters to our heavenly father.

As we open our hearts, Father pours his love by the Holy Spirit. In a heart transformed by His love, true and lasting change can occur. After years of striving and performance many are finally finding a place of rest.

During this week you will receive a clear biblical foundation for the revelation of God as Father. You will be given the opportunity to remove the main blockages to receiving Father's love and come into a personal experience of Father's love to you.

The basis of receiving this revelation is through the heart, and time is needed for God to remove these blockages that are keeping us from continuously experiencing His love towards us. It is therefore necessary to set aside this week and make yourself free from other commitments so you can attend all sessions.

## The Two Goals of 'A' Schools are:

1. To give a Biblical understanding of the place of the Father in the Christian life
2. To give an opportunity to you to have a personal experience of the love that God the Father has for you.

## Topics included are:

- The biblical revelation of God the Father
- God is our real father
- Opening our hearts to Father
- Heart forgiveness
- The heart of Sonship
- The freedom of being a son and a daughter
- And more...

You were made for the environment of His love for you.
